

"You Can Help Change Our World"

I wrote *How to be Happy and Have Fun Changing the World* to help you and all mankind. For six years I gave my happy e-book away for free. During this period, I spent over \$50,000 on Google AdWords to promote my free happy e-book. My friends thought that I was nuts for doing this.

However, I'm very happy to report that my happy e-book has been widely read, and changed many thousands of lives in many wonderful ways. One individual thanked me in an email for writing my happy book because it prevented him from committing suicide. Many others thanked me for having a very positive impact on their lives.

I started charging for my happy book to increase its exposure through major book distributors, like Amazon, and allow me to continue promoting it to help even more individuals to live more successful and happier lives.

Now for less than the price of a movie, you can receive my happy book's valuable insights that have the power to change your life as well as our world if enough individuals live by **The Eight Words** revealed in [How To Be Happy](#).

Hopefully, you will read my book and help change our world by living by **The Eight Words** and tell your family and friends to do the same.

Best wishes ... Michael Anthony
